A NOTE FROM THE WINEMAKER

The Table at Everly Farms serves as the tasting room for our estate-made wines. We invite you to enjoy a glass or a bottle, surrounded by those you love and paired with a fantastic plate of food.

Our winemaking philosophy begins with sourcing exceptional grapes from some of the country's best AVAs. We bring those grapes to Everly Farms whole, then see the winemaking process through right here on-site—from crush to bottle.

And increasingly, we don't have to look far from home. Continued research and innovation in cold-climate viticulture have shown just how much potential exists here in Minnesota, and we're proud to work with grapes grown in our own backyard alongside fruit from celebrated growing regions across the country.

As you explore our wines, we encourage you to step outside your comfort zone. Try a varietal you don't recognize, a region you haven't explored, or seek a wine that pairs well your dish

Thank you for drinking our wines. We hope you enjoy them as much as we enjoy making them.
